

The MARKETS NOW

Informal and interactive discussions of global markets inviting questions, asking questions and exchanging views with investors who share the same fascination and enthusiasm for financial markets.

- **Wall Street choked on Alibaba and is now sinking as leveraged margin debt is unwound.**
- **What are the risks versus rewards for various stock markets over the medium to longer term?**
- **What are the bearish and bullish market signals to keep in mind?**
- **Are precious metals becoming justifiable portfolio hedges once again?**
- **The 50-year old secret in plain sight: value investing works**
- **The paradox of debt: never more of the stuff, and never more expensive**
- **In investing, sometimes the best offence is a good defence**

“Hi David, a somewhat belated but extremely grateful word to say a big thank you for the most recent Markets Now seminar. Again, it was a thoroughly rewarding experience and I still can't quite believe the degree of access to "the 3 Wise Men", comprising your good self, Bruce & Iain that these intimate gatherings give us. That we can throw any query at you during a 3 hour interactive discussion and then instantly reap the rewards of your collective wisdom both astounds and delights me... many thanks indeed.”
