

The MARKETS NOW

Informal and interactive discussions of global markets inviting questions, asking questions and exchanging views with investors who share the same fascination and enthusiasm for financial markets.

- **Is this year's small recovery in commodity prices sustainable?**
- **Which futures-traded precious metals have the most upside potential?**
- **Are global stock market risks increasing or decreasing?**
- **The flood of news and investment advice can take a lot of our time. Personally I want a method requiring at most monthly attention - and very low drawdown!**
- **Various 'lazy portfolios' have been proposed over the years, but do they really work?**
- **Back-test data will be compared, illustrating the pros and cons of the best-known methods and an improved 'seasonal portfolio' method will be introduced.**
- **Post Brexit Referendum, is there still hope for the UK?**
- **Lies, tricks and misconceptions in the asset management industry (part 1 of 100)**
