

# The MARKETS NOW

Informal and interactive discussions of global markets inviting questions, asking questions and exchanging views with investors who share the same fascination and enthusiasm for financial markets.

- Stock markets floated higher on global liquidity but corporate profits are lagging. How does this end?
- Expect turbulence as rates rise but what are the most interesting sectors and geographic regions?
- Precious metals, led by silver and platinum, are near support following corrections.
- How to survive financial repression and the 'war on cash'.
- Ben Graham 'value' investing and the margin of safety.
- The rush to real assets has begun.
- How are our "Trusts in Focus" doing?
- How best to play the commodity cycle in investment trusts?
